ABOUT JAMES CLARKE & CO

James Clarke & Co was founded in London in 1859. It published the highly influential religious magazine Christian World, which at its peak sold over 100,000 copies a week. Thanks to this success, the company began to publish books, initially focusing in imports from the United States.

James Clarke & Co now publishes academic, scholarly and reference works, specialising in theology, history, literature and related subjects. Its publications include two major series, the Library of Theological Translations and the Library of Ecclesiastical History.

Although theology is a small academic discipline, and theological publishing a small sector, James Clarke & Co is recognised worldwide as one of the leading names in the field.

Inspection copies are available to suitable academic and educational institutions, subject to terms and conditions. Please contact us for further information.

***Acknowledging the Divine Benefactor
The Second Letter of Peter***

Terrance Callan

Paperback	9780227175217
	£16.50 \$33.00 € 24.75
PDF	9780227904398
	£13.00 \$26.00 € 19.50
ePub	9780227904411
	£9.75 \$19.50 € 14.62

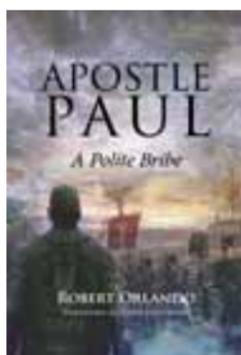

An analysis of 2 Peter using the pioneering socio-rhetorical technique, elucidating the nature and force of Peter's argument and demonstrating the usefulness of this new exegetical methodology.

...Callan brilliantly shows just how much this methodology has to contribute. The work is readable, full of good scholarship, theological, and delightfully candid. It is a contribution to the field that no serious interpreter of this letter should pass up.

Apostle Paul
A Polite Bribe
Robert Orlando

Paperback	9780227175101
	£15.00 \$30.00 € 22.50
PDF	9780227904053
	£11.50 \$23.00 € 17.25

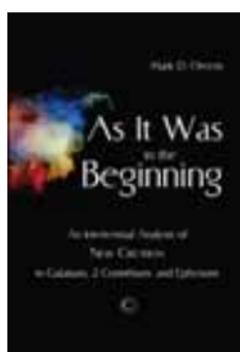

A carefully researched rethinking of the life of St Paul and his role in shaping the emerging Christian religion, with a strong emphasis on the human, political and material interactions of the apostle and his contemporaries.

Robert Orlando combines the best traditions of historical criticism with an astounding knowledge of the history of research to provide and in-depth look into Paul that I have not seen in scholarship during the last decades. I recommend Apostle Paul: A Polite Bribe with the utmost enthusiasm. A book where scholars and laypersons alike are given the unique chance to meet Paul again for the first time. This truly 'new narrative' of early Christianity has my full endorsement.

As it Was in the Beginning
An Intertextual Analysis of New Creation
in Galatians, 2 Corinthians, and Ephesians

Mark D. Owens

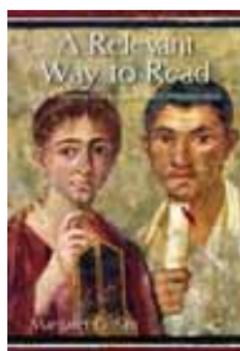

Paperback	9780227176016
	£18.50 \$37.00 € 27.75
PDF	9780227905593
	£15.00 \$30.00 € 22.50

In *As It Was in the Beginning*, Mark Owens argues that the concept of “new creation” should be understood (like the gospel) within the realm of Paul’s anthropology, cosmology, and ecclesiology. At the same time, he also argues that Paul’s understanding of new creation belongs within an Urzeit-Endzeit typological framework.

Hearing Women Biblical Prophets
in a Woman's Lyrical Tradition***

Nancy C. Lee

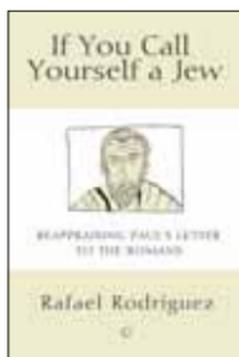

Paperback	9780227175835
	£17.25 \$34.50 € 25.88
PDF	9780227905418
	£13.75 \$27.50 € 20.63

Is it possible to hear women prophets' utterances embedded within lyrics of prophetic books? This study discerns a consistent, clear signature of women's composing and a different signature of men's composing, across all lyrical genres and historical periods. This methodological key, when turned, unlocks and throws open a window on a significant women's Hebraic composing tradition, resounding in texts where women's voices are attributed and unattributed.

	£14.25 \$28.50 € 21.38
Kindle	9780227904770
	£14.25 \$28.50 € 21.38

A valuable contribution to the scholarly debate over the interpretation of the Book of Esther and how it relates to the morality of self-defence against violence, particularly in case of modern Israel.

In her clear and thorough analysis, Tricia Miller shows how the book of Esther has been misinterpreted for anti-Semitic purposes. In particular, she demonstrates that hatred of Judaism as an aggressive form of nationalism – a Christian trope in the interpretation of Esther – feeds current attempts to delegitimize the State of Israel.

-Bruce Chilton, Bernard Iddings Bell Professor of Religion, Bard College, New York

May we learn from this sad history to become a Church that opposes anti-Semitism in all of its forms.

	£22.00 \$44.00 € 33.00
PDF	9780227905487
	£18.50 \$37.00 € 27.75

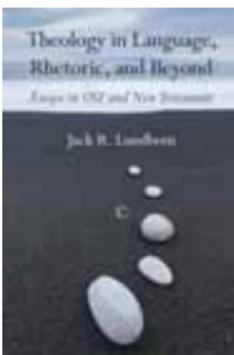

Siu Fung Wu argues that Paul encouraged early Jesus-followers to identify with Christ's suffering and understand it as an integral part of God's project of transforming humanity and renewing creation.

Exegetical rigor meets existential reality in this important study of the theme of suffering in Paul's letter to the Christians in Rome. Wu highlights the ways that Paul explores the theme of suffering in the light of his gospel of hope. But his focus on the audience of Romans also reminds us that Paul's gospel is no abstract reflection but a transformative message—for the first audience and for today.

An exploration of the identity of the Salvation Army as an ecclesial body in the light of Karl Barth's ecumenical and ecclesiological theology.

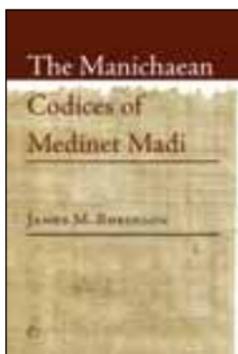

"This splendid study should be shouted from the rooftops! ... this book deserves to be read by all Methodists, especially those who are deeply concerned about how we understand the nature of Church, as opposed to a 'movement' within the Church ... This is a courageous undertaking, reinforcing our view that it should be widely read and reflected upon."

	£11.50 \$23.00 € 17.25

“Sin isn’t relevant anymore.” Alan Mann takes seriously this often-heard assertion and instead goes in search of the real plight at the heart of contemporary western society. What he finds there is a personal, pervasive, and self-diminishing disease impacting the lives of millions of people – shame. With this insight, *Atonement for a Sinless Society* seeks a fresh encounter with the biblical narrative, building a more meaningful understanding of the story of Jesus and his disciples for the world in which we live; bringing the Christian understanding of atonement into the twenty-first century.

A selection of essays bringing together theologians from the Majority World to share a diversity of insights into the Christian faith, developed from their own cultural perspectives.

This is a brilliant collection of refreshingly creative global reflections on systematic theology. It leads the readers to a new theological vista with a much wider and richer panorama of God's work with his image-bearers. The studies are deeply rooted in various life-realities to make theologies relevant and useful. The book even comes with a courageous suspicion that the traditional western systematic theology may have outgrown the scriptural evidence.

What is the significance of the body? What might phenomenology contribute to a theological account of the body? Nigel Zimmermann answers these questions through the agreements and the tensions between two of the most important thinkers of the twentieth century. John Paul II and Emmanuel Levinas.

Karol Wojtyla and Emmanuel Levinas, obviously two of the great thinkers of the twentieth century, each profoundly original and deeply immersed in his own distinctive tradition, were yet able to meet in fruitful conversation on central questions about human nature and destiny, as Nigel Zimmermann shows in this lucidly and elegantly argued account.

A discussion of God's self-revelation in the Christian tradition, arguing that revelation is better understood in terms of faith rather than knowledge.

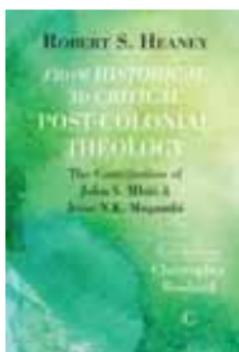

In a world of brittle religious certainties and defensive theologies, Downing provides a statement of Christian faith – not as a form of pseudoknowledge – but as faith; as unknowing yet reasoned and imaginatively engaging. Accessible, lively, and enriched by an easy familiarity with a breadth of scholarship, Formation for Knowing God is a welcome and compelling read.

Bringing together exploratory essays and translations of his original writings, this study of the theology of Gregory of Nyssa identifies as one of his key themes the ultimate unity of humanity in Christ.

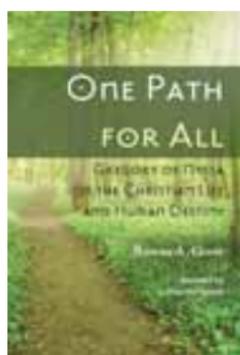

Father Chrysostom finds a remarkable kinship between the theology of the Greeks and that of the early Irish. His richly nuanced exposition is particularly impressive in the depth of its treatment of the Irish sources, which are, for the most part, little known. This book sheds light from the East upon the West, and vice versa; it has much to offer to all who are concerned with the inwardness of Christianity.

Can Christians read biblical meaning into qur'anic texts? Does this violate the intent of those passages? This book explores these questions and more, and offers a biblically, theologically, and historically informed response.

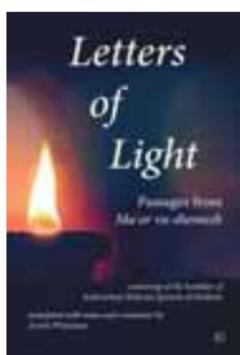

Christian Exegesis of the Qur'an is a rare blend of academic acumen seasoned with practical applicative wisdom. Bridger brings years of linguistic, cultural, and social engagement of Arabic-speaking peoples to bear on the vital subjects related to Christian cross-cultural communication. This piece contributes the often neglected perspectives of Arabic-speaking Christians regarding the Qur'an from both medieval and modern times. Anyone studying Islamic peoples will benefit from this work.

Walker, Iain (Ed.)

The Libraries Directory

A Guide to the Libraries and Archives of the United Kingdom and Ireland

50th Edition

First published in 1897, as *The Libraries, Museums and Art Galleries Year Book*, *The Libraries Directory* is one of the longest established British directories. After being published on a continuous basis for over hundred years, it still remains an unsurpassed reference tool for those wishing to access and compare British Libraries and their services.

This is the most detailed and comprehensive directory of its kind, listing libraries, archives and related organisations in the UK (including the Channel Islands and the Isle of Man) and the Republic of Ireland. Categories covered by the database include legal deposit libraries, public libraries, academic and special libraries, archives and record offices, and library and information organisations. Full contact details of the libraries are supplied, along with details of access, acquisitions, stock and collections, publications, membership and many more.

This makes it an invaluable source of searchable information to anybody in the book world in the UK and Republic of Ireland and in particular for researchers seeking library information. It will prove also to be an essential reference guide to all library users and librarians, and is widely used among government and charitable organisations.

The new updated edition lists over 4000 entries (8400 including branch libraries). It retains the same user-friendly layout developed in recent editions, including the use of pictorial icons that allow the user to distinguish each type of library or institution at a glance. The extensive index lists not just names of libraries and institutions, but also subjects covered and major collections

All information is provided in both printed and digital formats. This edition contains a quick easy-to-find format book and a fully-searchable CD-ROM, it also includes hypertext navigation, browsable indexes, advanced search facilities, bookmarks, printing facilities, e-mail facilities, links to library websites and an on-line guide.

Network licences are also available, along with the Single User version.
